

February

Week of February 24-28

The students have been adjusting beautifully to the change to half day. I'm so proud of all of them for doing so well! This past week we were practicing sequencing with Brown Bear Brown Bear, and now we are going to practice sequencing with Polar Bear Polar Bear What Do You Hear. We will be doing a matching activity as well as matching the animals to magnets that we have.

Theme for the Week: Animals

We will be continuing our unit with bears. This week our book will be *Polar Bear Polar Bear What Do You Hear?* We will be practicing colors and sequencing during this unit.

Speech Tip from Miss Grace

Question: Will using flashcards promote language development?

Answer: No. Learning a new word from a flashcard teaches a child to say a word in response to a picture. This does not mean that the child truly understands the meaning of the word. New vocabulary is learned during meaningful interactions in everyday life. Children learn best through playful interactions with people who love them.

Reminders

None at this time.

Important Dates

2/28- No School: Institute Day
